Please remember that All repairs to the Indoor Pistol range are to be performed by Authorized personnel Only, some of the light fixtures have been damaged by well meaning members changing the bulbs.

It is every members responsibility to pick up the ranges when they are through, we will be monitoring activity and checking the gate tracking database whenever an incident is reported to identify all members who used the range during that time frame. The board of directors will then contact those members to determine who was present at the time of the incident and will recommend disciplinary actions up to and including suspension or termination. Any member who does not pick when they are through shooting will be asked to appear before the E-Board to explain the reasons they failed to clean-up the range after they have finished, we do not have paid help to pick up after other members and expect everyone to treat the range and club as they would expect others to treat their property. Please do not shoot at the Target stands, you are damaging club property that is being provided for all members.
